Press Release: Second fiber optic cable to Gozo.

The Gozo Business Chamber is very pleased to note the signing of the contract by which Government is contracting the second fiber optic cable for Gozo and thus ensuring high speed data connection for our island. This project which had been proposed by the Chamber a number of years ago is finally being executed thus making the flourishing of ICT industry in Gozo possibility and the present construction of the ICT Hub a reality in the making. The Chamber would like to encourage Government to implement this project as fast as possible for the benefit of business on Gozo, leading to new job possibilities for residents of the island.
