

06 October 2021 | 1100 hrs | 179/2021

In 2020, total employed persons (full-time and part-time as a primary job) in MALTA amounted to 264,977, an increase of 0.8 per cent when compared to the previous year. The shares of the Malta region by place of residence and place of work stood at 93.1 and 94.6 per cent respectively.

Regional Labour Supply by Place of Residence and Work: 2018-2020

The labour supply is composed of persons in employment and those registering for work. To examine regional labour supply in MALTA at NUTS 3 level, employment statistics are being presented under two different variants; by place of residence and place of work respectively. Persons working outside their region of residence are referred to as commuter workers.

Total employed persons (full-time and part-time as a primary job) in Malta and Gozo and Comino regions (NUTS 3)

Employed persons in Malta region (*by place of work*), exceeded the total number of employed persons resident in Malta region (*by place of residence*). The contrary prevailed in the case of Gozo and Comino region. The difference represents the net balance of commuter workers across the respective regions. Commuter workers were predominantly Gozo and Comino residents working in the Malta region, accounting to 3,642 employed persons during 2020. This implied that one out of every five employed persons resident in Gozo and Comino region worked in the Malta region and 50.7 per cent were females (Tables 1 and 2).

In 2020, the highest proportion of employed persons in MALTA were in *wholesale and retail trade; repair of motor vehicles and motorcycles; transportation and storage; accommodation and food services activities* (G, H and I) and the *public administration and defence; compulsory and social security; education; human health and social work activities* (O, P and Q), at 25.0 and 23.4 per cent respectively (Tables 1 and 2).

Malta region had the highest proportion of employed persons in the *wholesale and retail trade; repair of motor vehicles and motorcycles; transportation and storage; accommodation and food services activities* (G, H and I), while in the Gozo and Comino region the majority worked in the *public administration and defence; compulsory social security; education; human health and social work activities* (O, P and Q) (Tables 1 and 2).

Full-time employment: Malta region

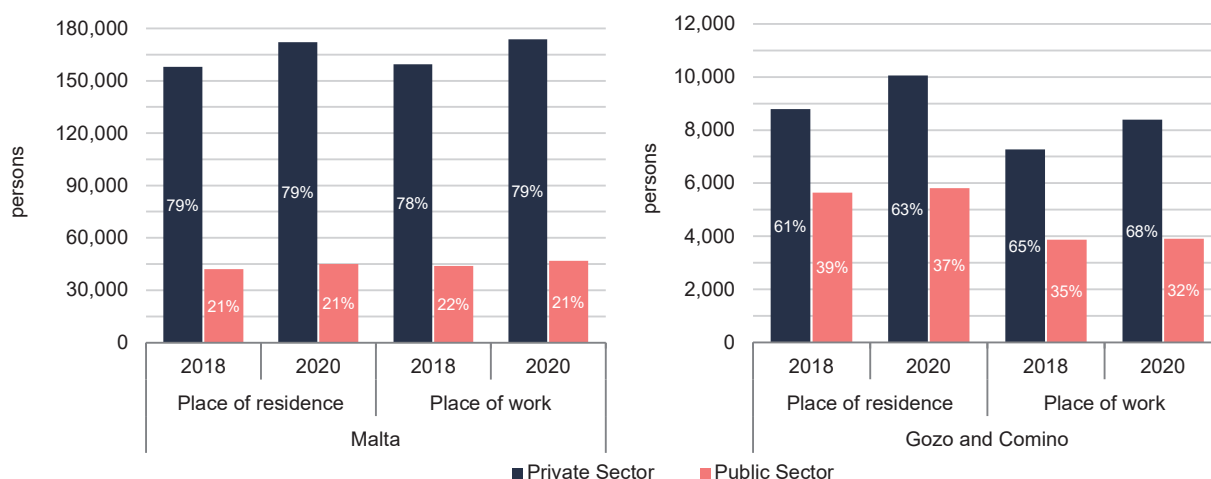

By place of residence

In 2020, Malta residents who worked on a full-time basis reached 217,036, an increase of 1.4 per cent when compared to 2019 (Table 3). The private sector amounted to 79.3 per cent of the total, while the remaining worked in the public sector (Chart 1).

Employment data provided by Jobsplus has been revised from 2013 onwards. The revised time series is available in the excel file published on the NSO website with this release. This can be accessed through the following [link](#).

Statistics in this News Release should be interpreted in the context of the COVID-19 situation.

On the other hand, the largest proportion of full-time employed Gozo and Comino residents in the private sector worked in the *wholesale and retail trade; repair of motor vehicles and motorcycles; transportation and storage; accommodation and food services activities* (G, H and I), accounting to 31.1 per cent of total private sector (Chart 4a). In addition, both the males and females who were Gozo and Comino residents and worked full-time were predominantly employed in the *public administration and defence; compulsory social security; education; human health and social work activities* (O, P and Q) (Chart 5a).

By place of work

In 2020, full-time employment in Gozo and Comino region amounted to 12,304, an increase of 4.4 per cent when compared to 2019 (Table 4). Full-time employment in the private sector accounted for 68.2 per cent of the total and the males who worked in this sector accounted for 43.3 per cent of total full-time employment in Gozo and Comino region (Charts 1, 2 and 9). The largest share of full-time employment in the private sector was in the *wholesale and retail trade; repair of motor vehicles and motorcycles; transportation and storage; accommodation and food services activities* (G, H and I) at 34.3 per cent. In the public sector, the share of *public administration and defence; compulsory social security; education; human health and social work activities* (O, P and Q) accounted for 76.9 per cent (Chart 4b). Full-time males in the Gozo and Comino region were predominantly employed in the *wholesale and retail trade; repair of motor vehicles and motorcycles; transportation and storage; accommodation and food services activities* (G, H and I) while the females were mainly employed in the *public administration and defence; compulsory social security; education; human health and social work activities* (O, P and Q) (Chart 5b).

Chart 2. Full-time employment in Gozo and Comino region by sector, sex and year

Full-time Gozo and Comino residents working in Malta region

In 2020, Gozo and Comino residents employed on a full-time basis in Malta region totalled 3,284, of which, 54.5 per cent worked in the public sector and the remaining worked in the private sector (Tables 3, 4 and Chart 3a-b). The males who worked in the private sector accounted for 28.9 per cent of the total full-time employment of Gozo and Comino residents in Malta region while the females who worked in the public sector accounted for 33.1 per cent of the total (Chart 3b).

Chart 3a. Full-time employment of Gozo and Comino residents in Malta region by sector, sex and year

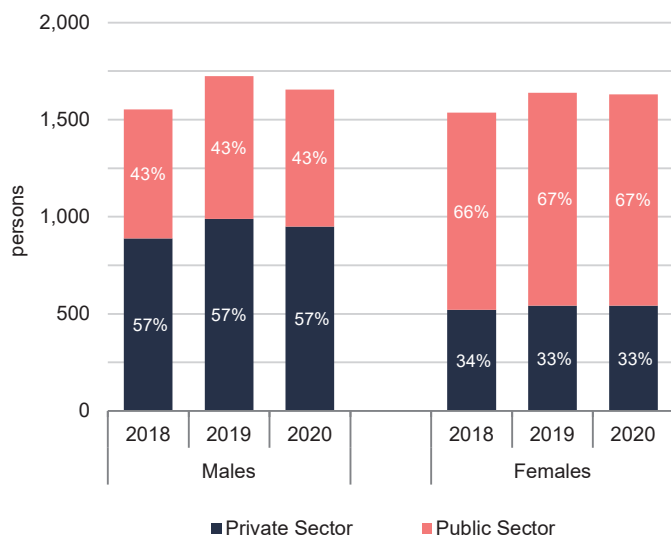

Chart 3b. Percentage distribution of full-time employment of Gozo and Comino residents in Malta region by sector and sex: 2020

During the same year, 90.5 per cent of those working within the public sector worked in the *public administration and defence; compulsory social security; education; human health and social work activities* (O, P and Q) while 26.7 per cent of those in the private sector worked in the *professional, scientific and technical activities; administrative and support service activities* (M and N) (Chart 6a). In addition, both the full-time males and females who were Gozo and Comino residents and worked in Malta region were predominantly employed in the *public administration and defence; compulsory social security; education; human health and social work activities* (O, P and Q) (Chart 6b).

Part-time employment of Gozo and Comino residents

The percentage distribution of the part-time employment differed throughout all economic activities. In 2020, total part-time employment of Gozo and Comino residents amounted to 5,406 of which, 56.2 per cent were part-time secondary employment and the remaining were part-time primary (Table 3). The largest share of part-time employment of Gozo and Comino residents was registered in *wholesale and retail trade; repair of motor vehicles and motorcycles; transportation and storage; accommodation and food services activities* (G, H and I), contributing to 33.1 per cent of the total. This featured in both part-time primary and secondary (Chart 8).

Employment in jobs

In 2020, jobs by full-time private sector employees in Malta and Gozo and Comino regions accounted for 53.2 and 35.6 per cent of total jobs respectively. Full-time self-employed jobs in Malta and Gozo and Comino regions accounted for 8.9 and 12.7 per cent of total jobs respectively. Total part-time employment in Malta and Gozo and Comino regions was of 59,111 and 5,048 respectively, accounting for 21.1 and 29.1 per cent of total jobs within the respective region. The differences in the distribution of jobs (by sector, type and sex) by place of residence and place of work were mainly attributable to the significant amount of Gozo and Comino residents working in Malta region (Tables 3, 4 and Charts 10 and 11).

Persons registering for work, by district (LAU 1)

In 2020, the largest share (28.0 per cent) of unemployed persons resided in the Northern Harbour district, amounting to 774 persons, followed by the Southern Harbour district at 23.8 per cent (Table 5). The largest proportion of unemployed persons featured in the 50 years and over age bracket, accounting to 30.8 per cent of the total. In terms of unemployment duration, the Gozo and Comino district had the longest unemployment duration of 0 to 12 weeks, while the Southern Harbour, Northern Harbour, South Eastern, Western and Northern districts registered the highest proportions in the 13 to 52 weeks cohort (Chart 12).

Methodological Notes:

1. All data in this News Release are in line with the European System of Accounts (ESA 2010) (ISBN 978-92-79-31242-7) and the manual on Regional Accounts Methods (ISBN 978-92-79-32357-7). The European System of National and Regional Accounts is an internationally compatible accounting framework for a systematic and detailed description of a total economy (whether this is a region, a country, or a group of countries), its components, and its relations with other total economies. Regional accounts are a regional specification of the corresponding accounts of the total economy.
2. The data provided in this release, including the relevant classifications, is based on administrative records held at Jobsplus and on the latest data published by the National Statistics Office i.e. News Release 160/2021 (issued on 7 September 2021) and which can be accessed from the following link: https://nso.gov.mt/en/News_Releases/Documents/2021/09/News2021_160.pdf. The information contained in this release is subject to revisions.
3. **This release takes on board updates to administrative records resulting from late submissions to engagement and termination forms and the updating of employment records following the cleaning exercise undertaken by Jobsplus. Consequently, time-series was restored from 2013 onwards and is available on the online version of this news release in Excel format at:**

4. Full-time and part-time status is determined by the employer's declaration (or that made by a self-employed person) in the engagement form which is required to be sent to Jobsplus upon commencement of employment.
5.
 - a. Employment by **place of work** takes into account those persons who effectively work in the regions of Malta and Gozo and Comino respectively, irrespective of their locality/region of residence.
 - b. Employment by **place of residence** is based on employee residence as declared by the employer upon engagement with Jobsplus.
 - c. **Gozo and Comino residents Commuter Workers (employed persons)** is calculated using the following formula: Gozo and Comino Total employed persons by place of residence (Table 1) - Gozo and Comino Total employed persons by place of work (Table 2) - Maltese residents working in the Gozo and Comino region.
 - d. **Gozo and Comino residents Commuter Workers (full-time employment)** is calculated using the following formula: Gozo and Comino full-time employment by place of residence (Table 3) - Gozo and Comino full-time employment by place of work (Table 4) - Maltese residents working in the Gozo and Comino region.

During 2020, the total number of Maltese residents working in Gozo and Comino region amounted to 276.

Data for commuter workers should not be compared with previous News Releases due to revisions and changes in methodology.
6. During the course of 2014 persons working with the public transport operator were shifted from the private sector to the public sector. As from January 2015, those persons were considered to be part of the private sector.
7. Public sector employees working in the economic activity: electricity, gas, steam and air conditioning supply (NACE 35) were reclassified to employment activities (NACE 78). In view of this reclassification, there was a shift in employment figures from the economic activity aggregate 'electricity, gas, steam and air conditioning supply' to the 'administrative and support service activities' aggregate. This reclassification was taken on board from August 2014 onwards.
8. Transport Malta was reclassified from transportation and storage activities (NACE 49-53) to public administration and defence; compulsory social security activities (NACE 84) as from 2010.
9. Employers recruiting domestic workers for personal services (not as a commercial activity) have been transferred from NACE divisions 86 and 88 to NACE division 97. Within the latter division, a household employer is defined as a person who pays an individual to perform duties in or around his home. Household employees may include nannies, care workers and private nurses. This change came into effect from December 2017.
10. Registered Unemployed provides data on the number of persons actively seeking work through Jobsplus. The data includes Part I and Part II of the unemployment register:
 - a. **Part I of the unemployment register** includes new job seekers who have left school, re-entrants into the labour market and individuals who have been made redundant by their former employers.
 - b. **Part II of the unemployment register** includes workers who have been dismissed from work due to disciplinary action, left work out of their own free will, refused work or training opportunities or were struck off the register after an inspection by the Law Enforcement personnel.
11. Labour Supply comprises the full-time gainfully occupied population and the registered unemployed population.

12. **Statistical Regions and Districts of MALTA.**

The Nomenclature of Territorial Units for Statistics (NUTS) is a hierarchical classification which divides the economic territory of the European Union for the purpose of producing regional statistics that are comparable across the European Union (NUTS 1 to 3 levels). To meet the demand for statistics at a local level, Eurostat has created a system of Local Administrative Units (LAUs) that is compatible with NUTS.

NUTS 1	MALTA
NUTS 2	MALTA
NUTS 3	Malta Region Gozo and Comino Region

As indicated above NUTS 3 divides MALTA into two regions. In addition, LAU 1 divides MALTA into six districts and LAU 2 into 68 localities.
